

Industrial Cooperation in Turkey

Bilingual Local Partner. Professional Expertise for the Service of Industry.

Dear administrators,

If you need a product manufactured in Turkey or are looking for alternative manufacturers, you are in the right place.

Our Business Areas and Services

Thanks to a large network of partners located at the heart of Turkish industry, we support you with all your production needs.

We offer reliable cooperation in the following areas:

- Welded Assemblies / Weldments (Mécano-soudure) / Sheet Metal Parts / Machining
- Foundry Parts / Castings / Cutting / Plastic and Metal Parts / Molds and Tooling for Plastic and Metal

Our Main Services:

- Supplier Sourcing Product and Price Research
- Shipment Organization
- Product Quality Control
- Support during your supplier visits
- Management of cooperation with your partners in Turkey

Do not hesitate to contact us to collaborate with a bilingual local expert who facilitates your work with productive and competitive solutions.
